**ANNUAL REPORT  
1983**

### Cover Photograph

On May 23, 1721 the first of five parcels of land was given to the East Parish of Bridgewater (now East Bridgewater) by Samuel Allen for the purpose of establishing a common to be used primarily for the purpose of training soldiers. The common is opposite the First Parish Church which was the seat of early government until May 28, 1823. The meeting house itself continued to be the site of town meetings until the Town Hall was built in 1839.

Following the Civil War, the Town erected a Soldiers Monument to honor the men from East Bridgewater who had served the Union. The monument was dedicated on September 7, 1874.

Although the Common was traditionally considered the property of the First Parish Church, it was used by many of the citizens of East Bridgewater. Public band concerts were held on the common during the 1930's and many of the town's churches held their annual lawn parties there through the 1950's.

In October 1983, the Town of East Bridgewater purchased the Common from the First Parish Church making it once again the common property of all the town's citizens as it was in the 1700's.

## **Special Town Meeting**

**Commonwealth of Massachusetts**

**East Bridgewater**

**April 4, 1983**

Previous to the Special Town Meeting a group of Senior Citizens of East Bridgewater under the direction of Allison Stinchfield honored those present with "Old Time Favorites." As stated by Mrs. Stinchfield they began their program with "America The Beautiful" because we have the privilege of having an open town meeting. The Melodians were well received by those present.

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in elections and town affairs was held in the Michael J. McCarthy Auditorium of the East Bridgewater High School, Monday, April 4, 1983, under a warrant issued by the Selectmen and dated March 14, 1983. Checking voters into the auditorium was H. Virginia Clarity, M. Patricia Ortenzi and Barbara L. Graham. There was a total of 240 voters present, 67 in Precinct I, 86 in Precinct II and 96 in Precinct III.

Students from East Bridgewater High School recording the meeting were Walter Larson, Paul Handy, David Dupuis and Eric Bryer. # Special Town Meeting

Commonwealth of Massachusetts

November 7, 1983

A legal meeting of the inhabitants of the Town of East Bridgewater qualified to vote in elections and town affairs was held at the Michael J. McCarthy Auditorium, East Bridgewater High School on Monday evening, November 7, 1983, under a warrant issued by the Selectmen and dated October 11, 1983. Checking voters into the meeting were Helen R. Thorndike, H. Virginia Clarity and Jeannette T. Arruda. There was a total of 227 voters present, 50 in Precinct I, 82 in Precinct II, and 95 in Precinct III.

Previous to the meeting Selectman Eric W. Greene made the following presentation:

## PROCLAMATION TODD AUGUSTSON

**WHEREAS:** We the Citizens of the Town of East Bridgewater have among us tonight a young man of unquestionable integrity and courage, a person who has heroically demonstrated this personal courage in the following manner:

On the night of May 14, 1983, a vehicle driven by Miss Lori McSherry of Pembroke, went out of control on the Powder Point Bridge on Duxbury Beach. Careening through the guardrail, the vehicle landed upside down at the bottom of the bay. Todd, without regard for his own personal safety and with the assistance of a group of Duxbury teenagers, dove in the icy waters and after repeated efforts was able to free the unconscious Miss McSherry from the submerged vehicle. Thereby lifting her to the bridge where CPR was administered prior to her transport to the Jordan Hospital by the Duxbury Fire Ambulance.

On behalf of the Citizens of the Town of East Bridgewater, we wish to express our sincere pride and appreciation and applaud Todd's unselfish courage which certainly saved the life of a young woman from our neighboring community.

Dated this 31st day of October, 1983.

## Report of the Board of Registrars of Voters

The Board of Registrars held seventeen meetings throughout 1983 to register new voters and certify signatures on nomination papers and petitions. Members of the Board are Elaine S. Powers, Chairman/Clerk; Helen R. Thorndike, H. Virginia Clarity and Verian E. Quigley, and Ass't. Registrar Jeannette T. Arruda.

The Board of Registrars were saddened by the loss of long time former member of the Board of Registrars, Helen T. McCarthy.

Census by mail is proving to be successful and has eliminated door-to-door canvassing which is time consuming and costly. The majority of residents returned their census forms within the time frame as stated on the census form. Thank you for the cooperation received by this office. The census is required annually by law and citizens are required to furnish information contained on the form. Information for all persons living in the same household, including those who are temporarily away at school or in the armed forces or similar reasons should be stated on the census forms.

The information provided through the census is critical for determining the town's eligibility for federal financial aid and legislative redistricting, veterans' benefits and voting purposes.

Your continued support is appreciated by the Board of Registrars. Any questions will be answered by calling 378-2471.

Following are the figures showing the number of registered voters in comparison to the dates presented:

# Report of the Board of Selectmen

To the Citizens of East Bridgewater:

Your Board of Selectmen submit to you our Annual Report of progress and major actions taken throughout the year.

Upon reorganization of the Board in April of this year, proposed priorities for the coming year were discussed. Our priorities as agreed, are as follows:

1. Computerization of Town Office Department.
2. Acceptance of approved subdivision streets for town meeting action by coordination of Planning Board, Highway Department and Board of Selectmen.
3. Continuing Matfield River "clean-up."
4. Improved industrial base via the Industrial Development Commission and reactivating the Industrial Development Commission.
5. Budgetary planning with all Departments before the Budget process and Department Head meetings quarterly.
6. Address Capital Budget Plan
  - a. Town Department
  - b. Town Office Building
  - c. Building renovations and up-grading in general
7. Annual Town Meeting Date—Change

The Board is very pleased to report that all of the above issues have been addressed and are either completed to the satisfaction of the Board or are under extensive study for further action prior to the end of fiscal 1984.

Other areas which the Board has addressed with success this past year were the purchase of the Town Common at a cost of \$35,000; updated job descriptions of all town office personnel; negotiations with all departments which led to the successful completion of two year contracts; the sale of town owned land which helps our cash position while under the tight fiscal constraints of Proposition 2½; and the establishment of a Financial Fact Finding Committee to assist the Board of Selectmen in gathering vital information to help the Board get a better picture of our overall financial position.

The four major projects which the Board is currently attempting to resolve in the best interest of the townspeople, are the Washington Street project, Intermediate School revitalization, Cable Television, and the Matfield River pollution. With the effort of Town Counsel, State Representative Allan R. Chiocca and State Senator Edward P. Kirby, we hope to have these matters resolved within the next twelve months.

The Board wishes to thank those who participated in negotiating contracts with the town, for their cooperation this past year. Also, the Personnel Board is to be commended for their efforts in upgrading the information on file which led the Board of Selectmen to propose an upgrading of the wage grids for both elected and appointed personnel. This will be presented at Annual Town Meeting for discussion and hopefully approval by the voters.

We ask for your continued input of ideas, thoughts, suggestions and methods that we can study and utilize to make our town government function more cost efficiently and effectively. Your attendance at our meetings are always welcomed and we sincerely urge all voters to attend all Town Meetings.

Last but not least, the Board of Selectmen sincerely appreciate the efforts of Kenneth E. MacMullen, Town Counsel; Robert E. Lundberg, Building Inspector; Marilyn M. Mondeau, Town Accountant; Evelyn M. Pittsley and Pauline Singleton, who make our job much easier with their untiring efforts on our behalf.

Dana G. Chase, *Chairman*

Paul R. Nisby, *Clerk*

Eric W. Greene, *Member*

## Report of the Library Trustees

It is with great pride that the Board of Library Trustees submits its Annual Report for the year 1983.

For the Board of Library Trustees, 1983 was a year of challenges as well as a time filled with opportunities. The retirement of veteran staff members and the loss of valuable experience and skills necessitated a review of priorities, a re-evaluation of services, and the development of new systems. Repeated calls for budget reductions, euphemistically referred to as "level funding" continued to decrease library purchasing power and the demise of the CETA Youth Program further depleted our staff. It is in this context, therefore, that our accomplishments must be considered and evaluated.

One of our most important community resources is the vast reservoir of talent in the library staff. Through the skills, expertise and sheer determination of professional and support librarians, circulation of library materials increased by nineteen percent in two years. All reporting units including the public and school libraries showed marked increases.

In an attempt to update skills and innovate internal procedures, Carl Sturgis and Joan Leland completed coursework relating to microcomputer applications in libraries. Course objectives included efficient delivery of service and future growth without the need for additional personnel. Anne Wilson, newly appointed Catalog-Reference Librarian, also completed studies in current cataloging, and will be responsible for converting the collection into machine-readable form.

The Trustees have designated funding of the Book Budget as their top priority. The need for information among all groups continues to grow in geometric progressions. Some financial support from the School Committee has helped school library collections grow in both quantity and quality. Answers to scientific, literary, consumer, vocational, and historical questions are expected in school libraries. Clarifying issues and giving some perspective to a variety of contemporary topics are among the responsibilities of School Librarians Anne Hynes, Allene Hamilton, and Victoria Boucher. Recently appointed Middle School Library Aide Joan Murphy, formerly a librarian in the Abington Public Schools, brings experience and individualized attention to her new position.

Limited resources and growing needs have also encouraged more regional cooperation among area libraries. East Bridgewater hosted a Book Publishers Cooperative where multiple purchase discounts were calculated on a regional basis. An Interlibrary Loan Delivery System has given residents access to area holdings and Bookmobile Service has continued to supplement local resources. The need to protect and preserve materials also led to the development of regional shipments to a selected bindery, giving us good value and efficient service. A grant from the Taunton Subregional Library System, an organization fostering regional cooperation, has encouraged progress in this area, and our holdings will eventually be included in the database at the Boston Public Library.

Another measure of the value of shared resources is the continual demand for the use of library facilities. Planned and coordinated by Administrative Assistant Betty Cooper, the library has welcomed the Democratic and Republican Town Committees, the Senior Citizens, a group of investors who utilize the financial resources in our collection and the Woman's and Garden Clubs. Meetings of department heads and Candidates Night also contribute to the library as a source of information for the entire town.

Community organizations, businesses, and concerned citizens have also been in-

strumental in contributing to library service. Through the generosity of the Knights of Columbus, a Community Calendar was established and is a valuable reference tool for the staff. The Polaroid Corporation in Cambridge donated four cameras to our collection, and the Internal Revenue Service has designated the library as a center for reproducible federal tax forms and for current information. The Eastman Fund donated a Library Pass to the New England Aquarium and sponsored a summer puppet show for over one hundred children.

Many citizens have also contributed to interesting and artistic displays at the library. Floral arrangements from the gardens of Gladys Tallman, Belle Kane, and Edna Whitmore brightened our building and numerous decorative plants from Whitmarsh Farms celebrated a variety of occasions. Area artists and crafters have shared their talents with townspeople at the library. Dolls by Myrtle Hawkins and Dee Rogers, stained glass by Robert Duprey, wood carvings by James Powers, folk sculpture by Pat MacMurray, and quilt shows organized by Antoinette McGrail underscored the library's role as a center of local art and culture. The Grange also shared information with townspeople through an exhibit, and the Children's Room hosted a 4H display, a hobby show, and a display of model trains by Winston Stone.

If one were to describe the plan of service in the Town Library System, a commitment to public education, information, and culture would certainly be part of the definition. This philosophy, embodied in Leia Canelli's fifty-three years of public service, continues to guide the entire library staff. The Open House in honor of her many contributions to the general welfare of the community attracted over two hundred well-wishers who offered their congratulations and many sincere thanks for a job well done. Her approach was fresh, her skills sharp, and her interest in people genuine. Although retired in June, Miss Canelli will always be part of the Town Library System.

The retirement of Custodian Sanford Nute also contributed to the sense of change at the library. In his five years of service, building repairs and improvements contributed to the safety, appearance, structural integrity, and energy efficiency of the Public Library. Walter Tucker, formerly a High School Custodian, was selected to fill this important position and will continue to maintain and improve our facilities.

In many respects 1983 was a year of transition in the Town Library System. Recognizing the value of continuity, however, and wishing to recognize skill and experience the Trustees voted to appoint Irene Nardi as Assistant Librarian. Mrs. Nardi has a thorough knowledge of contemporary literature, a reference background, and an interest in public service. She has maintained the high standards of her predecessor while exploring avenues of innovative library services. A maternity leave by Children's Librarian Mary Davis brought former Librarian Joan Leland and Children's Assistant Deborah Smith to serve as substitutes. A record number of youngsters attended story hours, pre-school visits, school tours, and summer programs. We continue to strive to meet the growing needs of youngsters in the town.

Through creative librarianship, support from various Town Departments, regional co-operation and co-ordination, and commitment from a staff of dedicated professionals, library services will continue to serve a growing community. At the same time, advances in technology will have to be utilized, and the Town Library System will have to carefully articulate the needs of an informed citizenry and translate them into a program of service.

## Report of the Building Inspector

To the Honorable Board of Selectmen  
and Citizens of the Town of East Bridgewater:

The Annual Report of the Building Inspector for 1983 is as follows:

There were 218 Building Permits issued for the projects listed:

26—Single Family Dwellings

1—Duplex Dwelling

2—8 Unit Condominium Buildings

33—Swimming Pools

25—Wood Burning Stoves

52—Additions, Porches and Garages

79—Miscellaneous permits, Accessory Buildings, Signs,  
Remodeling, etc.

The fees collected for the permits totaled \$13,861.50 which was turned over to the Treasurer.

I wish to thank all the Boards, Committees and Departments for their cooperation and assistance in the various matters in which I have been involved this past year.

Respectfully submitted,

Robert E. Lundberg  
*Building Inspector*

# Report of the High School Building Committee

To the Residents of the Town of East Bridgewater:

The one remaining item which faced the committee was successfully completed when the committee accepted a settlement from the company which did the fence work in the athletic area. This was done through the assistance of Town Counsel Kenneth E. MacMullen. For allowing the use of Town Counsel, we thank the Board of Selectmen.

The money we received in this settlement was used to update the available offerings in the high school library, and the High School Building Committee Account was formally closed out on June 30, 1983.

With the final item of business concluded, it will take only a formal vote of the committee to disband. As this will take place in the very near future, it is safe to assume that this will be the final report of the High School Building Committee.

At this time the committee would like to thank the many people who were involved in the building project, a number too long to list, as well as the Town of East Bridgewater for the cooperation and the support we have received over the past few years.

The committee is pleased with the entire project and hopes that it will serve the needs of the town for years to come.

Respectfully submitted,  
Edward J. Sexton  
*Chairman*

## Report of the Civil Defense Director

To the Citizens of the Town of East Bridgewater:

Civil Defense held monthly meetings under the supervision of Deputy Civil Defense Director Virgil McCratic who, for health reasons, tendered his resignation which was accepted with regret; however, Virgil will continue as a member of Civil Defense.

Edward E. Arnold was appointed Deputy Civil Defense Director effective July 1, 1983 and has continued to hold meetings and assist in various projects for Civil Defense.

The Civil Defense Program will continue to be a viable asset to the Town through the efforts of the Citizens now involved. An open invitation is made to the Community to participate and become a part of this program.

Respectfully submitted,  
Dana G. Chase

## **Report of the Police Department**

Honorable Board of Selectmen:

The Police Department wishes to report that 1983 was an eventful year for the department. I wish to thank the members of the Police Department, Board of Selectmen and all other Town Departments for their assistance and cooperation during the year.

Changes in personnel of the department included the retirement, due to disability, of Sgt. Robert A. Cavanagh. The department wishes him well during his retirement. Three Permanent Patrolmen were hired in July of 1983: John E. Cowan, Thomas W. Reed and Kevin E. Sullivan. These men attended the State Police Academy in Framingham and after graduation were assigned regular scheduled shifts on the department. Permanent-Intermittent Police Officers were also hired for the department, bringing that group to seven.

In December of '83 Governor Dukakis approved our request to the Governor's Highway Safety Bureau for implementation of special saturation patrols, targeted toward removing motorists operating under the influence and driving while intoxicated from the streets and roadways of East Bridgewater. This grant is in the amount of \$4,000.00 for East Bridgewater. This project will be utilized with Bridgewater and West Bridgewater Police Departments for patrol teams at various locations to create general deterrence through a perceived risk of apprehension in a necessary component in any long range effort to diminish the incidence of drunken driving.

Respectfully submitted:

Edward E. Arnold  
*Chief of Police*

## **Report of the East Bridgewater Police Building Study Committee**

This committee, created by The Annual Town Meeting on April 4, 1983, has spent the past year analyzing the building needs of the East Bridgewater Police Department.

The committee discussed the present and future needs of the Police Department at length. Chief Arnold estimated the department would grow to 30-35 officers and that a larger building would become a necessity. The committee conducted an extensive tour of the current P. D. building facilities. Several unique areas of concern were noted:

1. All offices serve more than one function.
2. There isn't a smoke detector system in the building which is a major concern.
3. The building does not have a sprinkler system of any type.
4. There is no fire alarm hook-up directly to the fire station.
5. The public access areas and the necessary secure police areas are not separated which could lead to a serious problem in a crisis situation.
6. The adult detention areas are located in the basement which means that suspects must be taken down a steep stairway to the cells.
7. There is no mechanical observation of the cell area which means that the officer on duty must lock the front door and go down to the basement every half hour to check on the inmate. If there were a security problem, the officer would be alone in dealing with the situation.

8. The driveway to the basement of the station is on the adjoining property. This is under the control of the neighbor and there is no assurance of continued police access to the basement of the building.
9. The intersection at the town center has been described as one of the most dangerous in Massachusetts. This intersection is the major access to the town from the Police Department.

The committee also observed that the current police station which was originally built as a gas station and converted to a fire station before its current use as the E.B.P.D. was never designed for police department functions. The current building which is also in a state of disrepair, appears to have serious safety considerations and is a very poor location all of which causes the committee to have a great concern about the current E. B. police department facility.

The committee toured a number of possible sites for the relocation of the police department. Among the areas were vacant land on Spring Street, the Fire Department on Bedford Street, and the Town Hall property near the center. It was the unanimous feeling of the committee that the Intermediate School site on Bedford Street held the best promise for a suitable location for the police department.

The property (approximately 3 acres) is Town-owned. The concrete building is structurally sound, and the location is ideal. The major issue is the size of the building (approximately 22,000 square feet) which is much larger than police department requirements (approximately 5,000 square feet).

It was beyond the scope of our committee to deal with the possible use of the facility by other town departments. Therefore, our final recommendation to the Selectmen was that the Police Department should be relocated to the Intermediate School site, and in conjunction, a larger committee should be formed to make recommendations to the town concerning municipal use of the Intermediate School site for various town departments.

## Report of the Park Commissioners

To the Honorable Board of Selectmen:

Again this past season was very busy at Strong's Field. The High School plays on the field March through June. The Pinto, Pony, and Colt league used the field in May, June and July.

In addition to the normal use, the field was used for the High School semi-final baseball tournament, sectional and regional games.

We would like to thank Greg Derosier and Bob Capachione for the fine work they did for us.

# Report of the Fire Department

To the Honorable Board of Selectmen and Citizens of East Bridgewater:

Following is my report for the year 1983—

**The 821 responses of this department were as follows:**

Ambulance.....	573
Fire, Rescue, Public Service.....	248

Monitor radio receivers have been purchased for all call firefighters and will be in service shortly. This will aid greatly in availability of call firefighters.

The call firefighter recruit program, mentioned in last year's report, resulted in six new appointments with more to follow.

Seven Scott IIA Air Paks with spare tanks have been purchased. These units are positive pressure type, the most up-to-date models available.

Ambulance collections are averaging \$24,000.00 per year. This money is deposited in a special account and may be used for any cost directly attributed to our ambulance operation. Smoke detector inspection fee collections are averaging \$1,300.00 per year. This money is returned to the Town Treasurer and deposited into the general town fund.

Apparatus and equipment of this department is in generally acceptable condition, with the exception of Ladder #1, which has a continual problem of repair and maintenance.

At this time I wish to thank all for their kind thoughts, inquiries, cards, and prayers to and for me throughout my period of open heart surgery and convalescence.

Special thanks are due Deputy Chief Maurice L. Hennessey, who so ably took over for me, gave so freely of his time for the extra duties, and did a commendable job. Also special thanks to Town Accountant Marilyn Modeau who helped so much on the clerical/bookkeeping and budget phase of operations.

All cooperation from the Board of Selectmen, town departments, firefighters and EMTA's is greatly appreciated.

Respectfully,  
Robert K. Winsor  
*Chief of Department*

# Report of Animal Inspector

Board of Selectmen:

24 dogs and 1 cat were held under home observation for Rabies—all were negative.

71 Farm Animal premises were visited and tabulated.

164 dogs were vaccinated at the Rabies Clinic in April. The P.H.N. Association provided the volunteers for the clinic.

Respectfully submitted,  
George S. Wood, D.V.M.

## Report of the Dog Officer

Honorable Board of Selectmen and Citizens of East Bridgewater:

I hereby submit my report as Dog Officer for the Town of East Bridgewater for the year ending December 31, 1983.

I would like to express my appreciation to the East Bridgewater Police Department and your office for the assistance given me.

## Report of the Highway Surveyor

To the Honorable Board of Selectmen and Residents of East Bridgewater,

The reconstruction of Winter Street was started but due to unforeseen problems was not completed. The completion is scheduled for this coming Spring. Cedar Street, a portion of Central Street and Union Street, between Route 18 and Central Street were resurfaced. Harvard, Franklin and a portion of Central Street were sand sealed. We have continued with our never ending patching and sign repair and replacement. This is the first year that the Disposal Area has come under the Highway Department and in general has worked out very well.

Once again, I thank Chief Arnold, Gloria Langdon and all of the officers at the Police Station for continuing the resident stickers and now taking on the Commercial Permits as well. Three thousand, two hundred and twenty-one dollars has been taken in for resident stickers and for July 1983 through December 1983, the Commercial Permits have totalled three thousand, two hundred and fifty-five dollars.

I also would like to take this opportunity to thank all of the other Departments for their assistance throughout the year and, last but not least, the great group of guys that work for me.

Respectfully submitted,  
Raymond E. Tardie  
*Highway Surveyor*

## Report of the Industrial Development Commission

During the past year, the Industrial Development Commission have continued to hold meetings, and looking into the possibility of obtaining new businesses for East Bridgewater.

We have been in touch with established companies in town, trying to lay the ground work for any growth they may have in mind.

The Committee welcomes suggestions or information that will assist us in our effort to bring new industry to our community.

You may contact any member of the Committee for an appointment, or call the Selectmen's office (tel. 378-2291) and a meeting will be arranged.

## Report of the Senior Aide

To the Citizens of East Bridgewater:

As Senior Aide for the Town of East Bridgewater, the main purpose is to help the elderly with their problems through information and referral.

The programs I cover: Co-ordinator of the Senior Citizen Club and Co-ordinator of Volunteers, health and blood pressure clinics, free legal aid, transportation, friendly visits (at home and in the hospital) free cheese and butter program, Self Help, and telephone reassurance calls. I also assist with financial problems, such as Social Security and Supplemental Social Security, Medicare and Medicaid, and Blue Cross and Blue Shield.

At the present time, I have one part time Senior Aide and twenty-five volunteers who are helping. The Volunteers have contributed many hours this past year.

Meals-on-Wheels are delivered five days a week to shut-ins, and to keep people in their homes.

I have also secured the services of Dr. Clayman (podiatrist) who comes once a month to Community Hall. His services are excellent and really appreciated.

My office is located at the Community Hall (Housing for the Elderly), 38 Riddell Road, and I would welcome hearing from any Senior Citizen who might want to contact me—telephone 378-7975.

I also wish to express my thanks for the help I have received from the Selectmen and the Housing Authority.

Respectfully submitted,

Frances L. Pratt  
*Senior Aide*

## Report of the Old Colony Elderly Services, Inc.

Old Colony Elderly Services, Inc. had an active caseload of 84 elderly East Bridgewater clients receiving homemaker, chore and transportation services at its highest levels of service in 1983. Beginning in March, 1984, a 16-passenger lift-equipped minibus, owned by Old Colony Elderly Services, Inc. and operated by South Shore Community Action Council will start servicing East Bridgewater clients for weekly shopping runs in rotation with five other area towns, each has contributed part of the purchase price. Anyone over 60 with a need for this service is entitled to ride.

For more information call the Council on Aging in East Bridgewater. Donations to help defray operating costs will be gratefully accepted and acknowledged by Old Colony Elderly Services, Inc.

## Report of the East Bridgewater Home Health Agency

To the Board of Selectmen and the Citizens of East Bridgewater:

The year 1983 was a good year for the agency. We have continued to respond to the increasing need for home care services. Our annual report reflects the following services rendered to the citizens of East Bridgewater:

Nursing .....	2,763
Home Health Aide .....	1,737 Visits 2,404 Hours
Physical Therapy .....	187
Speech Therapy .....	0
Occupational Therapy .....	6
Medical Social Services .....	2
Office Visits .....	456

In addition, Senior Citizens Health Conferences are held bi-monthly on the first Thursday at the Library and the third Thursday at the Community Building, Riddell Road.

East Bridgewater Home Health Agency statistics are reflecting the fact that patients are being sent home earlier from the hospital as the government tries to control runaway hospital costs. Nursing visits reflect a 23% increase over last year. This has also meant, however, that the nurses are caring for sicker patients.

"You can be taken care of at home," or "you can go home from the hospital now," are some of the most welcome words we can hear. They mean a chance to be reunited with family and friends and be in the comfortable surroundings of home. Health care indeed begins at home.

There is a loan closet at the office. Wheelchairs, walkers, canes, crutches, and commodes are available. This equipment is available through donations made to the East Bridgewater Public Health Nursing Association.

A total of \$78,703.23 was returned to the town for 1983 via third party billing for services rendered by agency staff. This reflects a special effort we have made this year to recover some shortfall from previous years.

With appreciation to a dedicated staff, and the continued support of the members of the Board of Health, our governing body.

Respectfully submitted,  
Carol McDermott, RN, M.S.  
*Administrative Supervisor*  
Cecelia B. Alonzo, RN

## **Report of the Board of Health**

To the Board of Selectmen and the Citizens of East Bridgewater:

The Board of Health, having a busy schedule, met on a regular basis throughout the year to conduct the business relevant to the Board. Meetings were held on the second Wednesday of each month at 9:00 A.M. and the fourth Tuesday of each month at 7:00 P.M. in the L. Gladys Farren Nurses' Cottage. Other meetings and hearings of importance to the Board were attended during the year at various places. The members of the Board of Health consist of William A. Johnson, Chairman, Donald E. Nelson, Clerk, and Robert H. Jones, member.

Mr. Joseph Rodricks, Health Inspector, spent the past year observing perc tests, checking repairs to septic systems, investigating numerous complaints of housing and miscellaneous health code violations. He conducted inspections of all retail stores and restaurants. He also performed swab testing in all food service establishments for laboratory examination.

Mr. Raymond E. Tardie has been the overseer of the Disposal Area for the past year. Disposal stickers for this area, during the year, were dispersed by the Police Department at the Police Station during normal working hours.

During the past few years the Board has been involved in litigation with the East Bridgewater Associates Landfill at 234 Thatcher Street, East Bridgewater. Some of this litigation has been resolved and a copy of which is on file in the records of the Board of Health.

Sharon Waldron resigned as Administrative Clerk of the Board of Health on November 11, 1983 to accept a position at Massasoit Community College. We wish her much success in her new position. On November 14, 1983 Elaine Dube was appointed as the new Administrative Clerk for the Board.

Monies collected by the Board of Health and turned back to the Town of East Bridgewater for the year 1983 totaled \$8,670.60.

We wish to thank our employees: Robert E. Lundberg, Building Inspector; Edward E. Arnold, Chief of Police; Town Officials; and all Town Departments for their continued co-operation and support during the past year.

Respectfully submitted,  
William A. Johnson, *Chairman*  
Donald E. Nelson, *Clerk*  
Robert H. Jones, *Member*

## Zoning Board of Appeals

The Board of Appeals consists of three members and two alternates. Members are appointed by the Board of Selectmen for the purpose of acting on all matters within its jurisdiction as prescribed in CHAPTER 40A of the MASSACHUSETTS GENERAL LAWS and the ZONING BY-LAWS of the TOWN OF EAST BRIDGEWATER.

The Board gives due consideration to promote public health, safety, convenience and welfare. It encourages the most appropriate use of the land in order to conserve property values. It permits no building to be utilized in a manner injurious, noxious, or detrimental to a neighborhood.

Public Hearings are scheduled to the convenience of the applicant. Applications can be obtained at the Board of Appeals office.

The Board has conducted twenty Public Hearings during the year 1983.

## Report of the Conservation Commission

To the Board of Selectmen and the Citizens of the Town of East Bridgewater, the Conservation Commission submits its report for 1983.

The Commission has had a very busy year due in part to the revised Massachusetts Wetlands Protection Act which went into effect on April 1, 1983 and which required attendance at many meetings to discuss the changes in rules and new methods of protecting the wetlands. Under the new rules the Commission issued several requests for Determination of Applicability, received Notices of Intent and issued Orders of Condition for same, Issued Cease and Desist Orders. Many complaints of possible violations of the Wetlands Protection act and requests for clarification were resolved.

East Bridgewater is over forty percent wetlands and buildable land not involving wetlands is becoming scarce and as a result more builders are getting in or near wetlands requiring the use of the Conservation Commission.

Many large areas that will require some Conservation Filings are in the process of being developed, such as Boelsma's Farm, Elm and Summer Street, and Elm and Grove Street.

The Thatcher Street Landfill Expansion was one of the Notice of Intent filings that required considerable time and expense for the continued meetings and public hearings. The Commission after many hearings and review of the information provided to our consulting engineer denied the application for expansion.

The Commission, in keeping with its Phase II Plan, purchased along the Satucket River adjoining Conservation Land, nine acres more or less plus a log cabin. We feel this property along the river will provide a source of many types of recreation, as well as creating considerable open space.

We would like again to remind the voters of East Bridgewater, as the work of the Commission continues to increase, that serious consideration should be given to the necessity of hiring a Conservation Administrator as is being done in other towns.

Regular meetings are held the first and third Tuesday of the month and the office is also open the first and third Wednesday of the month from one to four P.M.

Respectfully submitted:

Agnes Kievenaar, *Chairperson*; Francis Johnson, *Vice-Chairperson*; Meredith Swanson, *Treasurer*; John Grant, Donald Smith, Loretta Ring, Florence Sexton, Peter Blackman, *Associate Member*; Kenneth Elder, *Conservation Law Officer*; Eve Thomas, *Clerk*.

## Report of Bridgewater Counseling Center

To the Honorable Board of Selectmen and the Citizens of East Bridgewater:

The Bridgewater Counseling Center of Southeast Human Resource Associates would like to take this opportunity to extend our appreciation for your on-going support of the services that this center has been providing to town residents. Your contribution helped to make services available to residents regardless of their ability to pay.

In this time of diminishing financial acknowledgement of human services, consistent support is greatly appreciated. The following is a breakdown of the annual service statistics for calendar year 1983.

Requests for counseling services = 121

Number of residents serviced = 477

Age Breakdown =	<u>0-17</u>	<u>18-60</u>	<u>60-64</u>	<u>65 +</u>
	47	412	12	5

Direct client contact = 1,604

“Free” or subsidized care = 1,105 hours

\$ of subsidized care = \$48,620.00

The Town of East Bridgewater allocated \$2,600.00 for fiscal year 1984 in support of our services. Respecting the reality of limited financial resources, The Bridgewater Counseling Center does not request an increase in subsidy for fiscal year 1985. For the second year, a contribution equal to fiscal year 1984 would help to ensure a continuation of services.

The Bridgewater Counseling Center continues to be directed by Mr. John McEnaney, LICSW, who does an outstanding job overseeing the provision of direct services to the community.

Southeast Human Resource Associates is a program in partnership with the Commonwealth of Massachusetts Department of Mental Health.

Respectfully submitted,

# Plymouth County Mosquito Control Project

## Commissioners:

Frank E. Parris, Chairman  
G. Ward Stetson, Secretary  
William J. Mara  
Carolyn Brennan  
Richard E. Krugger, Sr.

Gary L. Benzon  
Superintendent

The Commissioners of the Plymouth County Mosquito Control Project are pleased to submit the following report of our activities during 1983.

The Project is a special district, created by the State Legislature in 1957, that is now composed of 20 Plymouth County towns, the City of Brockton, and the Town of Cohasset in Norfolk County. Approximately 350,000 people are served at an annual per capita cost of \$1.05.

1983 was a difficult year for mosquito control operators in southeastern Massachusetts. A warm winter and heavy rains resulted in heavy mosquito breeding, especially of the species responsible for transmitting Eastern Equine Encephalitis. During August, crews were operating nearly 24 hours per day, 7 days per week, to lower the potential for transmission of this deadly and unpredictable disease. The Project expects to receive approximately \$20,000 from the Governor's Emergency Fund to help offset the costs incurred during the outbreak. It is quite likely however, that more Encephalitis activity will occur in 1984.

In order to prioritize a massive number of possible mosquito control activities and thereby make efficient use of a very limited budget, a system has been developed to monitor adult and larval mosquito populations across our 603 square miles. Voluminous amounts of data are being collected from 1500 to 2000 breeding areas thus far located, catalogued, and visited periodically during the warm season. With the aid of a newly acquired computer system, we can utilize the data to more readily isolate areas where various control methods will result in the greatest relief from mosquitoes with minimum hazard or environmental impact.

During 1983, the Project's accomplishments were greater than any other previous year despite per capita expenditures that have not been increased in nearly eight years. Previous annual reports have listed various data representing the magnitude of accomplishments in various activity categories on a sum-total basis. This year for the first time, again with the aid of a computer, the figures specific to the town of East Bridgewater are given below. Though mosquitoes ignore political boundaries, these figures may provide a better picture of the cost effectiveness of our program.

**1. Insecticide Application.** In the Town of East Bridgewater, 10,240 acres were treated by truck mounted sprayers for the control of adult mosquitoes. Many visits over the course of 15 weeks were required to accomplish this. As we have completely converted to the use of silent electric sprayers used at night, many residents expressed dismay believing that we were no longer spraying at all.

Our greatest increase in effort has occurred in the control of mosquito larvae in pools, swamps, marshes and other standing water areas that have been located and catalogued. Inspectors periodically collecting data at these sites will treat with relatively non-toxic larvacides (usually mineral oil) if substantial numbers of larvae are found. In East Bridgewater, a sum-total of 340 visits were made to 37 potential breeding sites. Some of these were at the request of East Bridgewater homeowners with standing water on their properties.

Finally, a total of 521 treatments were made to storm sewer catch basins to prevent breeding.

**2. Water Management.** During 1983, crews removed blockages, brush and obstructions from 2375 linear feet of ditches and streams to prevent overflows or stagnation that can result in mosquito breeding. An additional 400 linear feet of ditch was reclaimed using a hydraulic backhoe. We regret that due to the heavy demand and our limited resources, requests for backhoe work that have no demonstrable bearing on mosquito control must be rejected.

We encourage citizens or municipal officials to call our office for information about mosquitoes, mosquito-borne diseases, sources of breeding, or other matters of concern. Controlling mosquitoes and the diseases they carry is a difficult and ongoing job that benefits from the input of those affected.

## **Report of the Planning Board**

To the Honorable Board of Selectmen and Citizens of East Bridgewater, MA.:

The Board held regular meetings throughout the year but changed its meeting night from Monday to the second and fourth Wednesdays, beginning in May. Newly elected member Roy Gardner began serving in April.

The Board acted upon 16 "Form A" plans which were not subdivisions under the law and took the following action on "Form B" subdivisions plans:

1. Released remaining lots on Pine Estates, Hudson Terrace.
2. Modified roadway requirements for M. Silva on Bridge St.
3. Reviewed Pine Tree I concerning completion of turnaround.
4. Reviewed unfinished road construction at Broadmeadow.
5. Approved a 1 lot plan off of East St. for L. Trudeau.
6. Approved a 12 lot plan between Elm and Summer Sts. for A. Nowrouzi.

The following Special Permit Applications were acted upon:

1. Approved a 1 story restaurant addition at 175 N. Bedford St.
2. Approved a 1 story manufacturing building at 608 Spring St.
3. Approved a 1 story addition on the Cape Cod Match Mates building.
4. Approved of apartments over the business at 349 N. Bedford St.
5. Approved a 1 story garage and office at 358 Thatcher St.
7. Declined to act on a request for a land fill operation at 234 Thatcher St.

The Board held hearings and made recommendations on Zoning matters as follows:

1. Disapproved of change from Business to Res. A of land on Bedford St. between East and West Sts. and Whitman St.
2. Recommended clarification of wording in Wetlands Protection District.
3. Recommended location restrictions for Adult Book Store or Theaters.
4. Recommended change from Res. A. to Res. B. for land on Central St. adjacent to the Central Cemetery.

Site Plan approval were given for 2 condominium buildings on Robbins St. and for changes in building elevation for 2 lots on Pond St.

The Board is continuing its review of needed changes in the Zoning By Law and Subdivision Rules and Regulations.

Respectfully submitted,

John H. Alexander, *Chairman*; David A. Sheedy, *Vice Chairman*; Donald Smith, *Clerk*; John Grant; Richard Ridder; Kathleen Wardwell; Roy Gardner

## Old Colony Planning Council

To the Residents of the Town of East Bridgewater:

As your representatives to the Old Colony Planning Council we are pleased to present this report of the Council's activities for 1983.

During the year, the Council's work was directed toward three major program areas of importance to the member communities of the Council although the staff and Council members were actively involved in other programs and issues as well. The three major programs of the Council during the year were: Transportation and Transit Planning; Economic Development planning and coordination activities; and, Area Agency on Aging planning, coordination and implementation of elder services programs.

The Transportation and Transit planning activities of the Council involved the development of a Transportation Improvement Program (TIP) for the OCPC region that presented the priorities for the construction of transportation improvements for each community. The TIP includes all transportation improvements required in the region from an individual intersection improvement in a community to the widening and improvement of Route 27 in the region. The TIP also describes each project, classifies these according to federal and state funding categories and assigns local, state and regional priority.

The OCPC staff began efforts to coordinate an informational program to alert communities to options available to them during the reconstruction of the Southeast Expressway to begin in early 1984. Various options including additional bus and rail service, carpooling, and vanpooling are being promoted in an effort to minimize the problem of commuting to work.

In addition, the Council's transportation program has spearheaded an effort to relieve traffic congestion during the S.E. Expressway reconstruction through the development of regional "Park and Ride" lots. Park and Ride facilities have been developed at Routes 3 and 139 in Pembroke; in Bridgewater at the intersection of Routes 24 and 104; and in West Bridgewater at Elm Square. A commuter parking lot was also approved for Abington at Lincoln Boulevard.

Technical reports published by OCPC during the year included a study of Handicapped Transit Service Development; the Route 27 Corridor Improvement Study; Neighborhood Statistics Program in cooperation with the U.S. Bureau of the Census; Regional Traffic Volumes; Brockton Area Transit Service Evaluation; and, Selected Regional Intersection Turning Movements and traffic counts. OCPC also acquired traffic counting devices which will be used to gather traffic volume data in area communities.

The Economic Development activities of the Council centered on a study of the feasibility of developing a regional industrial park-office complex at the intersection of Routes 495, 24 and 104 in the town of Bridgewater. The Council's study demonstrated the feasibility of developing the area with proper safeguards and this provided the basis for rezoning the area by the town. The Council feels this area has the potential for being a major employment center in the Old Colony region.

In addition, the Council acting as the regional clearinghouse for review of Industrial Revenue Bond applications processed over twenty-four million dollars in financing for area businesses. The town of Avon benefitted the most from the financing program with \$11,530,000 in bond monies going to the town. Other communities benefitting through the program included: Stoughton—\$6,900,000; Easton—\$2,400,000; Kingston—\$1,200,000; Plymouth—\$955,000; Brockton—\$550,000; and, Bridgewater—\$525,000. The Industrial Revenue Bond pro-

gram was threatened to be severely restricted by the U.S. Treasury Department during the year, but OCPC joined with other supporters of the program to have this important program continued. Industrial Revenue Bonds were the main sources of economic development financing available to business during the year.

As the Area Agency on Aging responsible for administering Older Americans Act monies allocated to the region, OCPC funded and coordinated a wide range of services to elders. Programs included: Nutrition programs; Senior Center development; Home Health Aide care; Hospice care; Legal Assistance; and, elderly transportation among other services made available through the programs funded by OCPC. District communities directly benefitting through grants from the program include: Avon, nutrition, transportation, and health screening programs; Bridgewater, Senior Center Assistant Coordinator; Brockton, Dorn-Davies Senior Center and Massasoit New Life Senior Center; East Bridgewater, transportation program; Easton, Shuttle Bus grant; Hanson, Senior Center Coordinator; Kingston, Shuttle Bus grant; Pembroke, Senior Center and transportation program; Plymouth, Senior Center Stoughton, transportation; and, West Bridgewater, Senior Center.

OCPC also funded several areawide programs of benefit to elders such as the Senior Law Project; Catholic Charities Home Health Aide, Respite and Hospice Outreach programs; the Cranberry Area Hospice program; and Emergency Assistance program; Nursing Home Ombudsman program; and, the Nutrition program.

The Council gratefully acknowledges the generous support and cooperation of its member communities, the participation and involvement of members of the Joint Transportation Committee chaired by Mr. John Yaney; the Overall Economic Development Committee chaired by Mr. George Baldwin and the Area Agency on Aging Advisory Committee chaired by Mr. John Mather. The Council also recognizes the work of local boards and commissions and the many government agencies, public and private institutions and individuals who have assisted the Council.

Respectfully submitted,

Robert W. Smith, *Delegate*

David A. Johnson, *Alternate*

## Tree Warden

To the Citizens of East Bridgewater:

The Tree Department continued to perform its usual duties during 1983 with the removal of 105 dead and/or dangerous trees from roadsides, 60 of which were the result of Gypsy Moth. The Department also pruned the deadwood from another 76 trees in an attempt to preserve same. More than 1 mile of brush was cut and chipped on various Town roadsides also.

I would like to express my sincere appreciation to my employees, Town Officials, other Town Departments, and the Citizens for their patience and cooperation in the performance of my duties.

Respectfully submitted,

Eugene F. Fortier

*Tree Warden*

## Report of the Historical Commission

The Historical Commission has met on the third Monday of each month at 8 p.m. at the Public Library in the spring and summer, and at the office of the Town Clerk in the fall and winter.

After months of research, three albums of prints of 150 pictures of East Bridgewater have been placed in the Public Library, as follows:

Book I, "Elmwood," by Lester B. Shaw, c. 1880 and c.1890

Book II, "Beaver," by John W. Herrick, late 1800's

Book III, "The Village and Environs," by Charles R. Ramsden, early 1900's

In early fall a research project known as "House-Story" was initiated by Joan S. Leland. On one day a month a group of three visits the Assessors' Office, the Public Library, and the Plymouth County Registry of Deeds to research their own homes.

Other projects carried on by the Historical Commission have been:

1. A marker has been placed at the Cemetery on Harvard Street: "Whitman Family Cemetery—1816."
2. The sign on Hobart Park which was knocked down has been repaired and repainted.
3. A survey of Town buildings older than fifty years and a survey of monuments and artifacts of copper, bronze or stone were made for the Division of Air Quality Control, relative to its study of the effects of acid rain.
4. A study of roads in town with the exception of numbered routes and those in new developments was made in connection with the Scenic Roads Act. All points of interest including shade trees, old houses and stone walls have been recorded.
5. Plantings in the watering trough in front of the Brick Store have been carried out to celebrate all seasons.

Joan S. Leland was appointed an Associate Member to fill a vacancy.

Respectfully submitted,

## Report of the Christmas Decorations Committee

To the Board of Selectmen and Citizens of East Bridgewater:

The members of the Christmas Decorations Committee wish to thank the following local businessmen and associations for their cooperation during the past Christmas season: Swanson and Flood, E.B. Firefighters Assn., Forge Motors, E.B. Police Assn., Skip's Discount Gas, Ridder Farm Inc., Village News & Coffee Shop Inc., Cape-Cod Matchmates, Shaw's Supermarkets, Smile Gas Inc., E.B. Cooperative Bank, Whims by Natalie, M. Clifton Edson & Son Inc., Plymouth Home National Bank, Ye Olde Sugar House Shoppe. Their generosity enabled us to continue with our displays at Hobart Park in the center of town, Elmwood and the Town Office Building, and has allowed us to start plans for decorating the downtown business area next year.

Again our thanks to Messrs. Fortier, Dube and Krushas for setting up and maintaining the displays.

A very special thank you to those enthusiastic citizens who took part in our annual Christmas Decoration contest. Prizes were awarded in four categories as follows: House—Mr. & Mrs. Theodore Haines; Doorway—Mr. & Mrs. Kenneth Smith; Christmas Scene—Mr. & Mrs. James Lucier; Overall—Mr. & Mrs. Thomas Giovannello. An honorable mention was awarded to Mr. & Mrs. Anthony Manzo.

If you would like to help plan Christmas Spirit '84, please contact any member of the committee.

## Report of Trustees for County Cooperative Extension Service

In accordance with the General Laws of the Commonwealth, Chapter 128, the Trustees for Plymouth County Cooperative Extension Service are empowered to receive, on behalf of the County, money appropriated by any town, or by the Federal Government for carrying out the provisions of the law, under which they are appointed.

Their agents have made contacts during the past year in every community, either by public meetings, individual visits, group discussions, demonstrations, or otherwise, in attempting to assist the needs of the citizens toward helping to solve management problems, better living, and better community service, and have been ably assisted by many local volunteer leaders.

A total expense of \$100.00 was incurred during the year for the purchase of material needed in carrying on the various Extension Programs. The appropriation made by your town was used for residents of the town and expended as follows:

## Moth Department

To the Board of Selectmen and the Residents of East Bridgewater:

The Moth Department found a profound lessening of the Gypsy Moth problems of the Town. The Department continued to receive numerous calls to control hornets and bees; and the spraying of poison ivy, which were answered and controlled.

I would like to express my appreciation to my employees, Town Officials and the Citizens for their cooperation and understanding to the Moth Department during the year.

Respectfully submitted,  
Eugene F. Fortier  
*Moth Superintendent*

## **Report of the Personnel Board**

To the Citizens of East Bridgewater:

Three new members joined the Personnel Board in 1983. During the year, the Board completed the writing of job descriptions for town office employees. The Board is now attempting to develop uniform hiring and salary policies. It is creating a standard application form for town positions and has developed a uniform medical examination form.

The Personnel Board has conducted a salary study of neighboring communities and has reported results of the study to the Selectmen. The Board hopes the study will provide a basis for establishing salary policies.

The Board has implemented the sick-leave bank for town office employees authorized at last year's town meeting.

The Personnel Board has met and consulted with several town department heads and employees regarding position upgradings and salary increases.

The Personnel Board wishes to thank everyone for their cooperation in providing the information requested over the past year and for bringing their concerns before the Board.

The Board meets the first and third Monday of every month in the Town Office Building. All meetings are open to anyone who wishes to attend as time and interest permit.

Respectfully submitted,

Jean Lyons, *Chairman*

## **Report of the Inspector of Plumbing and Gas Fitting**

To the Honorable Board of Selectmen,

The year 1983 has been very active for this department. We have had a twofold increase of business. This is due to the stronger regulations of the Uniform Code, and the switching of fuels to gas systems for home heating and domestic hot water. There has also been a lot of remodel work and new construction.

Permits to perform work were issued to licensed persons as required by the Uniform Plumbing and Gas Fitting Code.

Inspections were made as needed to insure safety and protection of the public as required by the Code.

This Department is for all practical purposes self supporting due to the fees paid by licensed persons for issued permits.

I wish to take this opportunity to thank the Board of Selectmen, Mr. Robert Lundberg, Mrs. Evelyn Pittsley and her staff for the assistance courtesies afforded me this past year.

Respectfully submitted,

Frederick D. Canducci

# **Report of the Board of Water Commissioners**

To the Honorable Board of Selectmen and Citizens of East Bridgewater:

The Board of Water Commissioners is pleased to inform the Town that construction of Well Site #3, off Washington Street near the Satucket River, is continuing and completion is expected the summer of 1984.

Phase #2 of the Well #3 construction project is underway, known as the Cross Country Main, in that the necessary land needed for this phase of the project is under agreement to be purchased and preliminary plans and specifications have been prepared.

Effective January 1, 1984, we have revised the Rules and Regulations for the Water Department for which copies can be obtained at the Water Department Office. Also, effective as of January 3, 1984, the Board instituted a fee of \$10.00 for each non-scheduled meter reading in relation to final readings when property is sold. This fee will be charged to the seller of any property in the Town.

The Department under the direction of Superintendent Lyman Howard, reports that 220 new meters with outside remotes were installed in 1983 in the Department's continuing effort of having the Town completely metered. This program will continue in the forthcoming year.

The Department installed 26 new services, repaired 11 services, repaired or replaced 7 hydrants, performed emergency repairs for 9 water main breaks, and responded to numerous service calls. In addition, the Water Department provided assistance to other Town Departments in the form of manpower and equipment.

The Board of Water Commissioners accepted with regret the resignation of Mr. Michael E. Perrault from the Board. The Board wishes to thank Michael for his valuable service since 1976.

Mr. Robert F. Reardon, 37 Lorraine Drive, was appointed to fill the unexpired term of Mr. Perrault.

Respectfully,  
Michael E. Perrault, P.E., *Chairman*  
James A. Luce, *Clerk*  
Robert W. Singleton

## **Southeastern Regional Vocational Technical School District**

There are 70 East Bridgewater pupils, grades 9 through 12, enrolled, and 7 pupils are enrolled in the Technical Institute. The school district offers 26 shop programs. The total enrollment for the present school year is 1,288 pupils.

The academic programs required are mathematics, science, business, social studies and physical education (grades 9 and 10 only). Nine varsity sports are offered to the students. We do not offer released time to the pupils, as all 180 days are full school sessions. Twenty pupils were admitted to the 9th grade and 4 upper class pupils from a total of 40 completed applications.

The School Committeeman stands ready to assist any resident with additional information regarding the program.

## Report of the Town Common Committee

To the Honorable Board of Selectmen  
and Citizens of the Town of East Bridgewater, Mass.:

The Common Committee is pleased to submit our first annual report. Since the towns purchase of the Common in September 1983 the committee has made the following progress:

1. An article was submitted and passed at a special town meeting creating an account to fund the restoration. This account is now funded by the sale of unwanted items on the common.
2. Several dead trees were removed.
3. Three buildings were sold at auction.
4. Some piles of debris were removed.
5. Specifications for the artesian well on the site were obtained.
6. Heavy grass was mowed.
7. Plans for funding band concerts were formulated.
8. Chairman Alexander has met with representatives from the Plymouth County Extension Service in regard to advice on shrubs, trees, and gardens.

Plans for future progress were made as follows:

1. Landscaping the Civil War Monument.
2. Removal of unwanted shrubbery and similar growth.
3. Removal of blacktopped area.
4. Provisions for benches.
5. Repairing the fence, where possible.
6. Formulation of plans for continuous care of the Common.

The committee believes great progress will be made in the spring. It is our goal that the Common will be available, although not completed, to resume traditional Memorial Day observances.

The committees' ultimate goal is to restore the common to its original New England character and to see that it stays that way.

The committee would like to extend thanks to the various town departments and individuals who have given their assistance.

Respectfully submitted,  
Richard Alexander, *Chairman*  
Sandra Goode, *Clerk*  
Vincent Latlippe, *Treasurer*  
August Dube

## Report of Self Help Incorporated

Self Help, Inc., is Greater Brockton's anti-poverty agency dedicated to improving the quality of life of limited income individuals and families, and making all segments of the community responsive to the needs of limited-income, disadvantaged and minority needs.

During the program year ending September 30, 1983, Self Help, Inc. received a total funding of \$11,491,998 and provided 700,828 direct services to the area's limited-income individuals and families.

East Bridgewater residents received 9,993 direct services totaling \$179,408 during our program year.

The total funding of \$11.5 million does not tell the real value of human services delivered to the area as a whole. Self Help's funding enabled us to mobilize an additional \$1,062,180 of other community resources such as CETA, Commonwealth Service Corps, and local City and Town contributions as well as volunteers. The gross volume of Self Help, Inc. during the past program year was \$12.6 million.

Self Help currently employs 252 individuals, many of whom are limited-income and minorities.

We feel that the program year 10/1/82 to 9/30/83 was a successful one for Self Help, Inc., and very helpful to our limited-income population. We thank the area's Board of Selectmen, town volunteers and the Selectmen's representative, Mr. Charles Baker, to our Board of Directors for helping to make our program year a success.

Respectfully submitted,

Ulysses G. Shelton, Jr.

*Executive Director*

## **Report of Veterans' Services**

To the Honorable Board of Selectmen  
and the Citizens of East Bridgewater:

My report last year predicted that veterans' services would be called upon for increased services due to many factors. The increased age of our WWII and Korean Veterans and the difficult time many of our Vietnam Veterans are having in making adjustments in their lives. This proved true and for the third consecutive year we had had to request an additional amount to our original appropriation in the sum of \$20,000.

This year of 1983-84 we do not expect the need for an increase over our original appropriation of \$50,000. This has been accomplished by our success in acquiring Federal Funds, where ever possible, for our Veterans and their dependents. To date we have secured in excess of \$74,000. in benefits for our Veterans and their dependents in Federal Funds.

Again this year we will recover in refund Insurance cases and Workmen Compensation cases between six and ten thousand dollars. This will be in excess of the 50% refund we get under Chapter 115 of our appropriaition of \$50,000.

We have again handled the fuel program for the fourth consecutive year and through Feb. 1, 1984 we have processed 166 applications. And to this date 168 applications for tax abatements have been completed for Veterans and their dependents. Our daily contacts have ranged from twelve to thirty-six per day. Along with increased contacts with State and Federal Agencies on behalf of our Veterans and their dependents.

I wish to thank our Administrative Assistant, Mrs. Marcia Anapolsky for her dedicated efforts and pleasant manner she has provided information and services to our citizens. Her outstanding work has reflected the success of our office the past four years.

It has been a pleasure to be of service to the Veterans and their families and the citizens of East Bridgewater. If we may be of help in any way to the citizens of East Bridgewater, please contact our office between the hours of 8:30 A.M. and 4:30 P.M. Monday thru Friday.

Respectfully submitted,

Philip E. Carey

## **Report of the Chairman of the East Bridgewater School Committee**

To the Citizens of East Bridgewater:

The School Committee continues to endeavor to provide the best possible school system with the budget provided for the students of East Bridgewater.

Fiscal austerity has been the watchword for spending by your School Department since the implementation of Proposition 2½. Prior to the loss of fiscal autonomy, the policy of the school system was, first, to serve the needs of all our students in a fiscally responsible manner. This we did and, we believe, did very well at substantially less than the average per-pupil cost state-wide. To accomplish this, many new and innovating procedures have been put in place, always with the idea of getting the most for whatever dollars we have to invest in our children.

Capital improvements needed to maintain the buildings have begun and, hopefully, can be continued on a yearly basis, enabling your buildings to always be in good repair. It is hoped that this year the roof of the Central School can be replaced. The roof section to be replaced is over twenty years old.

A preliminary budget showing a 4 per cent increase over last year's (not including negotiated salaries) has been submitted for Fiscal Year 1985. It is our hope to reinstate four teaching positions, three coaching positions (part-time), and to add three advisor positions (part-time). With the additional entrance requirements soon to be put in place for state universities and colleges, it is imperative that our students be able to meet these requirements for admission.

The School Committee makes every effort to provide an educational system of very high standards within our fiscal restraints. It has been ably assisted by various departments and boards of the Town, for which we are most thankful and express our sincere appreciation.

Respectfully submitted,

John S. Leonard, *Chairman*

Charles M. Repeta, Jr., *Vice Chairman*

Loretta G. Ring, *Secretary*

John L. Powers

## Report of the Superintendent of Schools

To the East Bridgewater School Committee  
and Citizens of the Town of East Bridgewater:

I am pleased to submit the annual report of the Superintendent and administration of the East Bridgewater Public Schools for 1983.

The 1983 school year was significant in that we were able to maintain our staffing pattern at all schools. This second year without additional personnel reductions gave the administration and staff an opportunity to redirect its thinking from a crisis management approach to a more constructive attitude. The greatest strength of the East Bridgewater Public Schools continues to be its staff—both certified and non-certified. The willingness of our teachers, secretaries, custodians and cafeteria personnel to make the welfare of our students their first concern has made it possible for us to continue to provide our students with a good, solid educational program.

Special commendation goes to the three building principals—Mr. Condrón, Mr. Collins and Mr. Farrell, who have, through their tenacity, flexibility and consistent concern for their students, provided very positive leadership this year. I am proud to be associated with such fine professionals.

Again this year, one of the major priorities was the development of the school budget. The new position taken by the School Committee in funding negotiated salary settlements for school personnel in the same manner as other Town employees helped develop a better understanding among all departments. The leadership of the Board of Selectmen in appointing a Financial Fact Finding Committee to assist Town officials in understanding the financial position of the Town and the constructive approach of the Finance Committee in funding employee contract settlements at the Special Town Meeting in November helped to establish a more positive approach to the financial reality of Proposition 2½. Unfortunately, it seems that the budget process takes more and more time each year. Fortunately, contract negotiations were completed with teachers, custodians, cafeteria staff and secretaries for a two-year period, giving the School Committee and administration a clear picture of salary needs for these years.

A major achievement this year was the painting of both the High School and the Central School during the summer. Representing years of neglect and deferred maintenance, both projects were made possible due to the extremely mild winter, energy conservation and the work of Mr. Achin and our head custodians, all of which have helped to reduce the total annual consumption of fuel by 100,000 gallons since 1978. In addition to the painting, new gutters and drains were installed at the Central School. Minor repairs were also made to the slate roof area of the Central School. The most pressing building repair continues to be the Central School roof project which was rejected by voters at the Annual Town Meeting. Hopefully, with the possibility of state aid, voters will approve this necessary repair at the next Annual Town Meeting. While our buildings are in reasonably good condition, the grounds are beginning to show the signs of wear. The track and tennis courts at the High School are overdue for resealing and repainting. In spite of the efforts of Mr. Moretti and Mr. Brotherton, the entire site shows signs of deterioration.

One bright spot in the area of facilities was the continued use by community groups. Our Evening Practical Arts Program, under the direction of Francis Hallquist, increased its enrollment by over 100 people this year. Special thanks to Vincent "Doc" Malewicz for his work in coordinating the use of gyms, fields and playing areas by the community. "Doc" does this as a volunteer for no additional compensation.

Progress was made in developing our computer education programs with a second computer lab outfitted at the High School and additional micro-computers purchased for the Middle School. Training programs were held for the teaching staff and the secretarial staff in computer use. Additional computers are needed and will be purchased with Federal Funds when possible. Closer coordination of programs between the Central and Middle Schools was achieved this year through joint meetings of the administration. The emphasis will be placed upon joint Middle and High School meetings next year.

The School Department must depend upon many Town departments for assistance during the year. Our thanks to Town Librarian, Carl Sturgis and to Chief Winsor, Chief Arnold, Robert Lundberg, Raymond Tardie and Gene Fortier for the numerous times they have assisted us.

My personal thanks are extended to Mrs. Therese Keohane, Secretary in the Office of the Superintendent, who has retired after 18 years of professional service; to my office staff for the considerate, conscientious service which they provide; and to the members of the East Bridgewater School Committee for your unselfish devotion to the welfare of the students in the Town of East Bridgewater.

Respectfully submitted,  
Gordon W. Mitchell

# **Report of the Administrative Coordinator for Special Services**

Dear Mr. Mitchell:

I am very pleased to report to you on the delivery of Special Services to our students in East Bridgewater. Most of the approximately 340 students with learning disabilities are mainstreamed in our own classrooms and are provided direct instruction and support services by our very competent professional staff. The Assistant Principals and Guidance Counselors continue to monitor this cost-effective model in order to provide quality services within our staff resources. We are still receiving an increasing number of referrals for evaluation, largely due to larger class sizes and decreased support services, and the staff is making every effort to address these demands. I am very proud of our staff and their commitment to students.

Less than ten percent of our Special Needs students are placed outside of East Bridgewater. These placements are made with great deliberation. Collaborative placements are utilized whenever possible, since they are public school programs provided through the cooperative efforts of several school systems for the purpose of providing cost-effective services to a low incident population. We presently belong to two formal collaboratives, R.E.A.D.S. and North River. Through these organizations we participate in programs for multi-handicapped, deaf and hearing impaired, language delayed, emotionally disturbed and behaviorally disordered students. Each of these collaboratives has a Board of Directors which includes the Superintendent or a member of the School Committee and a Middle Management group of which the Administrator for Special Education is a member. This assures that East Bridgewater has an opportunity to contribute to program planning, policies and procedures and budgetary decisions. Collaborative programs are held in public schools which maximizes opportunities for mainstreaming.

In addition to these formal collaborative arrangements, we also join with Bridgewater, West Bridgewater, Raynham and Middleboro in the informal Five Town Collaborative. These communities have agreed to share programs without tuition cost to best meet the needs of students. We will continue to develop our participation in all types of collaborative programming.

Efforts have been made this year to improve communication between staff. A Special Education Handbook was written and distributed to all staff members in order to share information and develop further consistency in process. This has been a useful resource for both regular and special education staff in understanding the content and intent of Special Education regulations and our responsibility to provide services.

Recognizing the great importance of communication between home and school, a Special Education Parent Group has been formed. Members have asked for information regarding parenting skills, community support for schools, mainstreaming and program development and meetings have been planned to discuss these topics. This interaction between parents and educators is essential to the success of our students.

Appreciation and recognition are given to each person involved in the delivery of quality services to our Special Education students. I would like to thank the entire Support Services Team and especially the Assistant Principals, Judith Riordan, Joseph Cirigliano and George Frye, for their dedication to students. I would also like to express my appreciation to you, Mr. Mitchell, for your continued support.

Respectfully submitted,

Dr. Eileen C. Williams

## Report of the Principal of the Central School

Dear Mr. Mitchell:

It is with pleasure that I submit my annual report on the activities and programs at the Central School during this past year. I am pleased to report and extend my gratitude and praise to the faculty who continue to exhibit a truly professional and dedicated attitude. Through their efforts, each and every child gains a sound educational foundation necessary for future success.

In addition to the teachers, I would extend a special thanks to the Central School support staff; i.e. secretaries, custodians, aides, and cafeteria workers, who along with our parents, compliment the work of the professional staff. Their suggestions and dedication insure that we are able to maintain a positive educational climate in which optimum learning can occur.

Our enrollment as of October 1, 1983 was as follows: Kindergarten, 163; Grade One, 134; Grade Two, 166; Grade Three, 166; and Grade Four, 143, totalling 772. This represents an increase of 45 youngsters. Our class size, for the most part, remains in the high twenties, which is excessive for these critical educational years.

This fall we were pleased to welcome some new faculty and staff to the Central School. In the area of Special Needs, we employed Mrs. Carolyn Silvia. She received her B.A. from Smith College and her M.Ed. from Boston University and had several years experience teaching in the public schools in Brookline, Mass., as well as Maine and Vermont.

Mrs. Carole Andrade was hired as our Art teacher. She is a graduate of Bridgewater State College and had substitute teaching experience in the Avon and East Bridgewater Public Schools.

Mr. Robert Bidwell was hired to teach grade four. Mr. Bidwell graduated from Boston University and received his M.A. in Counselling from Fairfield University. Mr. Bidwell had several years previous teaching experience at the elementary and college levels prior to accepting this position.

We were also pleased to welcome Mr. Russell Murphy as a member of our custodial staff this fall. Mr. Murphy was hired to fill the position created by Mr. William Maskill's death in the spring. Mr. Maskill had been employed here for a number of years and had carried out his duties conscientiously and with concern for others. He is sadly missed by us all.

In addition to the above faculty and custodian, we hired Miss Donna Penniman, Miss Lynne Rosewell, Miss Sandra Robinson, and Mrs. Lynda Martin as Special Needs Aides in the building. These positions are federally funded and provide an invaluable amount of support to our program.

I would be remiss if I didn't mention the retirement in June of Mrs. Gertrude Horsley, who taught at the Central School for twenty years. She was an extremely dedicated teacher who encouraged each child and helped them achieve their best. We sincerely wish Mrs. Horsley a long and happy retirement.

This has been a very busy and productive year for the Central School. The teachers spent a considerable amount of time on coordinating curriculum at each grade level. As a result, we now have a guide indicating what can be expected of children at each grade level as regards number facts, creative writing, and timed tests.

In addition to their academic studies, the children participated in many other activities during the year. Among these were: field trips to Plymouth (grade 3), The Science Museum (grade 4), Sachem Rock (grade 2), Children's Museum (grade 1) and

Bridgewater State College Children's Theatre (grade 1); two theatre productions, one by the New England Theatre Guild for Children entitled "Budilinek and Friends," and two Halloween plays performed by the East Bridgewater High School Drama Club; an assembly program presented by the Plymouth County Extension Service on bicycle safety, entitled "Scoot—The Talking Bike;" and the ever-popular field day competitions in the spring.

The replacement of the drainpipes and the painting of the trim and the back of the building were two maintenance projects which were completed this summer and fall. Not only did these projects enhance the appearance of the building, they provided badly needed protection from further deterioration. It is regrettable that repairs weren't made to the very badly leaking roof, for I fear that the longer the work is delayed, the more costly the project.

Perhaps one of the most pleasurable experiences for me personally this year, were the informal coffee hours held in the community. During these coffee hours, I was invited to discuss Central School programs and procedures. These coffee hours were held in various sections of town and provided those in attendance an opportunity to ask questions and make suggestions.

At this time, I would like to take this opportunity to publicly thank the other town departments for the cooperation shown to the Central School. In particular, I would like to thank Mr. Carl Sturgis and the library staff for their continued support to our program; to Chief Winsor, who has arranged to have his men give tours to our kindergarteners and speak to many of the classrooms regarding the necessity of fire prevention; to Chief Arnold and his officers for their cooperation in visits to the Police Station; to Highway Surveyor, Raymond Tardie, for repairs to our drains and sand for our play areas, and to all other town departments for their assistance throughout the year.

A special thanks goes to the many parents who in one way or another have volunteered their assistance over the course of the year. Too many to mention specifically, suffice it to say that each and every effort is gratefully appreciated.

To you, Mr. Mitchell, along with your assistants, Miss Williams and Mr. Achin, and to the members of the East Bridgewater School Committee, I would like to extend my sincere appreciation for your continued support and direction during this past year. This type of cooperative attitude and positive communication, enables our school system to continue to provide the children of East Bridgewater with the best possible educational opportunities. There's no doubt that our motto—"YOUR PUBLIC SCHOOLS...THERE'S NO BETTER PLACE TO LEARN," is a true reflection of our school system.

Respectfully submitted,

David R. Condron

# Report of the Principal of the Middle School

Dear Mr. Mitchell,

I am pleased to submit my annual report as Principal of the Middle School.

Our total enrollment as of December 1983 was 759 students. The distribution of these students by grade is as follows:

Grade 5, 173; Grade 6, 176; Grade 7, 199; Grade 8, 203; Ungraded, 8. The projected enrollment for this school year was 730 students, thus the building has exceeded projections by 29 new students. Although the Middle School is still overcrowded, we anticipate that the projected decline in the system enrollment will eventually alleviate this problem.

The reorganization that took place during 1983 allowed the Middle School to return literature to the core curriculum as a separate subject. It also allowed us to preserve the organizational elements we employ, specifically Team-Guidance meetings, direct Special Services Support to the classroom, and flexibility in dealing with the academic, social and developmental needs of our students. In addition, under the direction of Dr. Eileen Williams, the services of Dr. Timothy Goguen were made available to the staff for consultation and advice in developing programs and plans for our students.

Two new programs were implemented in September which were designed to serve students who need more intense and direct support in their academic work. Mrs. Judith Bougas has developed a Learning Center Resource Program that allows students the opportunity to work both in the regular classroom and the Learning Center to upgrade their academic performance. Secondly, Mrs. Robin Billing and Mrs. Jean Bumpus of our Chapter I staff have worked out a program with the classroom and special area staff that give students real vocational experiences that are related directly to the curriculum they receive in the classroom. This reinforcement of skill development on such a wide scale will directly benefit the students by integrating these basic skills with the opportunity to apply them in a real and practical manner.

In curriculum areas, we were able to offer computer instruction to our staff. Mr. Stanley Bonham taught workshops for our teachers and aides, familiarizing them with basic computer functions and operations. The addition of several computers allowed us to begin to expose our students to some basic computer education. Presently, we are developing a Computer Literacy course for the 1984-85 school year that will involve all of our students in a sequential four-year course designed to completely familiarize them with all the basic elements of computer technology.

This past year, several of our staff members chose to change their jobs or to retire. Mrs. Jean Smith, who had served as the Chapter I Reading Teacher so successfully, retired in June. Mr. Jefferson Prestridge, the Assistant Principal, was appointed to the position of Superintendent of Schools in Salem, Connecticut. In addition, Mrs. Ruth-Ann Alexander and Mr. George Pelati, decided to work in fields outside of education. These individuals served the students in East Bridgewater with dedication over a period of many years and should be commended for their efforts.

New to the teaching staff this year are the following: Miss Agnes Hayes, grade 7 and 8 science teacher. Miss Hayes is a graduate of Mt. St. Mary College, New Hampshire and has a Master's Degree from Rivier College, Nashua, N.H.

Mr. Robert Johnson, grade 8 social studies teacher. Mr. Johnson is a graduate of University of Massachusetts and has a Master's Degree from Fitchburg State College.

Mrs. Robin Billing, Chapter I Reading Teacher. Mrs. Billing is a graduate of Ohio Wesleyan College and has done graduate work in Reading Education.

Mr. Joseph Cirigliano has transferred from the high school to the position of Acting Assistant Principal at the Middle School. He has truly been an asset to the operation of the school and has quickly and effectively assumed his duties.

Highlights of the year:

- The Drama Club Production of the plays “Up The Down Staircase” and “The Sound of Music.” The two successful projects were most capably directed by Miss Marilyn Guarino.
- The Music Department had a very successful concert program. It also had a large number of participants in various musical festivals. In fact, 20% of the members of the Southeastern Massachusetts Bandmasters Association Festival Band were from East Bridgewater. This honor truly indicates the quality of our program.
- Mr. Cirigliano has developed an Alcohol and Drug Council in the Middle School. This unique educational program has been well received by students and staff.

In conclusion, I would like to express my thanks to you, Mr. Achin and Miss Williams for your support and advice during the year. I also want to thank the School Committee for their continuous efforts on behalf of the student population of East Bridgewater. The entire staff of the Middle School also should be commended for their diligent efforts in providing an excellent educational experience for our students.

Respectfully submitted,

John C. Collins

## **Report of the Principal of the High School**

Dear Mr. Mitchell:

It is with pleasure that I submit my annual report of the programs and activities of the high school during this past year. The community of East Bridgewater can justifiably take great pride in its high school which continues to successfully prepare its youth for desired future endeavors. As the last step in the “required public school” educational sequence, the high school is pleased to reflect upon the fine educational training and involvements which are provided for and experienced by the young adults whom we serve. It is a credit to the entire excellent staff of the high school that, by and large, the adolescents of the East Bridgewater community do enjoy attending their high school; and consequently, actively involve themselves and benefit from the academic and co-curricular programs available. I take great pride in the knowledge that, day in and day out, high school employees perform their responsibilities with utmost concern and professionalism.

High school enrollment as of October 1, 1983 was 702 students. Individual grade enrollments were: 186 in Grade 9, 165 in Grade 10, 167 in Grade 11, and 184 in Grade 12. This represents an overall increase of ten students over one year ago.

This year we are pleased to welcome three new employees to the high school. They are: John D. Barry, Acting Administrative Assistant (Holy Cross College, B.A. English and Harvard University, M.E.D. Educational Administration); Patricia Lovett, Foreign Language teacher (Regis College, B.A. French/Spanish); and Keith Richards, Provisional Mathematics teacher (Bridgewater State College, B.S. Education). Returning from two-year leaves of absence are Barbara O'Neill (Business Education), and Janice Williams (Guidance).

A small number of staff members who have served the high school and community well over the years left during the last year. Joseph A. Cirigliano has assumed the position of Acting Assistant Principal at the Middle School for this year. Marion Farrar's retirement as a Home Economics teacher brought to a close a professional career of twenty-five years at East Bridgewater High School as an instructor. Grace Swierk, Provisional Business Education teacher, and Elizabeth Savery, Provisional Guidance Counselor, were not employed due to the unavailability of positions. Deborah Hanscom, English teacher, has been granted a leave of absence. Dorothy Martin's retirement as matron after eighteen years of faithful service was accepted, with regret, in September. Walter Tucker, Custodian, resigned to accept a similar position in another town department. Each of these fine individuals will be missed and are wished every success in the years ahead.

The high school has made many advancements in our curriculum and program and services. Continued emphasis upon developing content outlines and specific objectives for each course in our Program of Studies has been made. As we approach the beginning stages of our ten-year accreditation process, our academic program is being reviewed and modernized. The development of a Mid-year and Final Examination proposal to be implemented during the 1983-84 school year has been completed and, hopefully, will have significant impact upon internal evaluation of curriculum by professional staff, as well as preparing students for future post-secondary examinations of a similar nature in education and employment. Acquisition of Apple Computers and related software for use by all disciplines has allowed us to maintain a computer orientation program for our students which will expose them to the increasing uses and needs in a modern day society. The development of a Grade 9 Chapter I Program to assist students low in ability but without special needs in the reading and/or mathematics areas has been a most beneficial improvement to our program. Implementation of computerized Educational Plans in the Special Education area and of a Computerized Report Card System have modernized these services and resulted in notable time saving for the staff. Our efficiency has been improved greatly in these areas.

I wish to note conversely that again this year, due to having an insufficient number of faculty to staff student requested programs, the high school has been forced to make a decision not to offer courses in Calculus, Advanced Physical Science, Humanities, American World Government, Clothing and Textiles and the like. Each year courses such as these, which are selected by small numbers of students, are cancelled as teachers are assigned to teach classes with higher enrollments. Unfortunately, class sizes for many of our more popular courses are in the range of 30:1 which restricts individualization.

The dedicated efforts of specific individuals such as Assistant Principal Judith Riordan and 1982-83 Administrative Assistant Joseph Cirigliano, and 1983-84 Acting Administrative Assistant John Barry are, in a large part, responsible for the positive forward movement of the high school. Mrs. Riordan consistently provides a total effort to coordinate the various high school disciplines and support services on behalf of improved quality of education for students. Mr. Cirigliano and Mr. Barry have maintained continued successful emphasis upon improving student discipline (50% less

suspensions from the previous year and a reduction in overall discipline problems) and attendance (increase of 1½% to 91.5% average daily attendance for the last school year).

East Bridgewater High School today is a well-organized, quiet and orderly high school in which students willingly participate in a multitude of planned creative and developmental academic experiences and enjoy involvement in rewarding student activities programs with each other and with students in neighboring schools.

The enthusiasm and dedication of quality individuals such as Daniel Lasdow, Director of Music; Judith Kraemer, Athletic Director; and George McCabe, Coordinator of Student Activities, along with the many fine consultants, coaches, and advisors that work directly with our students provides our youth with a maximum of personal and social involvements.

Highlights of the 1983 school year are many and meaningful:

- The announcement of the selection of Stephen F. Andrews, Christopher Beaudette, Peter G. Brooks and Richard W. Julian, all members of the Class of 1984, as Commended Students in the National Merit Scholarship Competition.
- The establishment of a second computer lab enabling increased numbers of students to become exposed to and involved in computer information experiences.
- The success of Social studies teacher, Eileen Silva, and five Grade nine students (Lea Corkum, Pam Dunivan, Susan Dunne, Nancy Julian, and Michelle Spagone) in winning the Senior High School Division for Group Performances in both the Southeast District and the Massachusetts "National History Day Contests." With community donations, this talented group was able to travel to and compete in the National Contest at the University of Maryland in the spring.
- The declaration by Town Selectmen of January 12 as Viking Marching Band Day in East Bridgewater to recognize the achievements of the high school's marching band and color guard. Proclamations from Town Selectmen, Representative Chiocca, and Senator Kirby were presented at a school-wide assembly program.
- The graduation of the Class of 1983 on Sunday, June 5, featuring a Commencement Address by Henry F. Owens III, Class of 1960. Of the 156 graduates, 53 percent indicated an intent to pursue post-secondary education, 33 percent to enter the work force, 11 percent to the Armed Services, and 3 percent to pursue other interests.
- Baccalaureate and Honors Evening on June 2, during which \$21,754 in local aid was awarded. Also awarded were National Honor Society certificates and Academic Achievement Awards.
- The National Honor Society Induction on October 25 during which twenty-five outstanding students were inducted into this prestigious group.
- The SADD (Students Against Drunk Driving) Assembly organized by the Alcohol and Drug Information Council.
- The Junior and Senior Prom Safety Campaign Assemblies presented by the Alcohol and Drug Information Council.
- "Healthworks 83" coordinated by Mr. Cirigliano and the Student Senate during which 202 members of the community received health care screenings.
- The continued efforts of the Key Club to provide helping programs such as Project Share to deliver Thanksgiving Meals to shut-ins, the annual Halloween K-4 Party, and the Christmas canned food drive in conjunction with the Future Nurses Club.
- Student Senate hosting its annual Bloodmobile, "Almost Anything Goes" competition for the March of Dimes and Scholarship Auction.
- The extensive involvement of a multitude of students in the Student Activity Program and the interest in elections for Class Officer and Student Advisory Councils.

- The efforts of the many concerned parents who comprise the membership of the Music Parents Association and Viking Sports Parents Association. Through their efforts our students are provided with award jackets and trophies, entrance fees for Band and Winter Guard competitions, paid consultants, game films, and many other specific benefits.
- The involvement of approved community volunteers in the high school program. Namely, Mrs. Diane Barbour (Guidance Clerical Assistant); Mrs. Eleanor Danielson (Audio-Visual Media Assistant); Mr. Theodore Barbetto (Football Assistant); Ms. Dawn Whiting (Softball Assistant); and Mr. William Solari, Mr. William Carnes, Mr. Jeffrey Godfrey and Ms. Susan Larsen (Marching Band Assistants).
- The well-attended and highly successful Parent-Teacher Conferences, Spring and Fall Open Houses, the Spring Grade 8 Program of Studies and Course Orientation Night, the Fall Grade 9 High School Orientation Night and Financial Aid Night.
- The Spring Academic Awards Assembly to recognize outstanding achievement by individual students in each high school subject.
- The attendance of students Jennifer Hall, Peter Brooks, and Susan Sullivan along with mathematics teacher, Leanna Russell, at the New England Junior Science and Humanities Symposium at the University of Massachusetts, Amherst.
- The Annual Postural Screening of all Grade 9 students by Physical Education Staff and School Nurse, Barbara Alexander.
- Permission granted for the Brockton Self Help Program to use the high school Child Care Room as a pre-school classroom for twenty community children and their teachers for the 1983-84 school year.

The year 1983 has been one filled with news of nationwide, state, and local educational reform studies. Similarly, we, too, in the high school have continued to look even more deeply into what our program goals and results are, and how we might improve our process and our product. On the horizon, we can foresee the implementation of a Weighted Class Rank, revised graduation requirements, implementation of a revised credit system and the continued revision of our program of studies offerings to highlight but a few of the planned changes. The teaching staff of the high school has completed a very demanding year, as many new procedures have been implemented, including the increase of standards of expectations for both student responsibility and educational mastery. The teaching staff of the high school is to be commended for its willingness and desire to implement this significant upgrading of our program.

My sincere thanks, as always, go out to you, Mr. Mitchell, for your outstanding leadership and powers of observation, understanding, and organization and to the East Bridgewater School Committee for their open-mindedness, honest decision making, and great concern for our students and community. I am grateful to members of all other town departments who unhesitatingly assisted us during the year. In specific, to Chief Winsor and Chief Arnold and their staffs; to our Town Selectmen; and to Town Librarian, Carl Sturgis and his library staff for the support of our program. Finally, to Coordinator of Special Services, Dr. Eileen Williams; Administrative Assistant, Richard Achin; to my assistants, the entire high school staff, our excellent student body and our community, I wish to say thank you for a wonderful year. Your dedicated efforts have produced measurable growth for our high school program.

Respectfully submitted,  
 William E. Farrell

## Report of the Director of Athletics

Dear Mr. Mitchell:

I am very pleased to submit my report for the year 1983. During the past year, a total of 441 student-athletes participated in the various sports and activities which were offered by the Athletic Department.

Highlights of the year included:

- The Viking football team being crowned Small School Division Champions of the South Shore League for the second year in a row with a record of 8 wins and 2 losses.
- The girls' soccer team which finished in second place in the South Shore League with a 15-1-1 record thereby gaining a berth in the State Soccer Tournament for the fifth straight year.
- The athletic achievements of the following students who gained recognition in their respective sports:

Terry McDonough— soccer; South Shore League All-Star, Brockton Enterprise All-Scholastic, Boston Globe All-Scholastic Teams, Eastern Mass. Team, State Team, Division II.

Craig Ross— football; South Shore League All-Star, Brockton Enterprise All-Scholastic, Boston Globe All-Division IV Team.

Paul Marino— soccer; South Shore League All-Star, Brockton Enterprise All-Scholastic.

Bob Boucher— football; South Shore League All-Star, Brockton Enterprise All-Scholastic.

Donna Mondeau— soccer; South Shore League All-Star, Brockton Enterprise All-Scholastic.

Barbara Domigan— soccer; South Shore League All-Star, Brockton Enterprise All-Scholastic.

—Others named to South Shore League All-Star Teams included:

Julie Peterson, Debbie O'Kelly—field hockey

Mark Holyoke—soccer

Terry McDonough—softball

George Feroli—football

Charles Driscoll, Bob Thibault and Lisa Andrews—basketball

Additions to the coaching staff included Donald Fisher, tennis coach and Joan Allison, field hockey coach.

Thanks to the Viking Sports Parents, who have provided our athletes and teams with game films, trophies, awards and jackets. Officers for this organization are:

President . . . . . Robert McCarthy

Vice President . . . . . Richard Lemon

Secretary . . . . . Linda Ross

Treasurer . . . . . Kevin Burley

Many thanks to the following people who volunteered their valuable time to the various athletic programs: Larry Carlson, Lisa Simmons, Ted Barbetto, Dawn Whiting, Cathy Dors, and Paul Chapman.

Thanks, also, to the administration at the High School for their continued support of the athletic program.

Judith Kraemer

## Report of the Director of Music

Dear Mr. Mitchell:

The Music Department is pleased to submit its report for 1983.

This past year has been significant in many ways for our music program. Our superb music staff has continued its outstanding work for the musical education of all East Bridgewater students. Mrs. Wilcox, as Middle School music teacher and choral instructor at the Middle School and High School; Mr. Fantucchio as Middle School band conductor and Instructor of Music, High School jazz band and High School Marching Band Instructor; Mrs. Zahakos as Central School music teacher, choral instructor and recorder ensemble instructor have all made outstanding contributions of their time, effort and musicianship.

There has been some improvement to the music teaching environment at the Middle School.

We have regained the use of the Middle School music room for music classes.

The new process of scheduling music classes for 18 consecutive days allows for continuity, follow-up and the presentation of material in a format that makes sense to the students.

Mr. Fantucchio's position of Part-Time Music Teacher 4 days a week has been increased to full time.

However, we are still hindered by inadequate rehearsal time for Band and Chorus and restricted teaching space for lessons.

The Music Parents Association has continued its outstanding support of our music program this past year. Over \$14,000 was raised through various fund-raising projects to finance the trip to Washington, D.C. last May. The Music Parents Association also provided funds for consultants to work with the marching band, accompanists for the choral performances, subsidy of the Youth Concert at Symphony Hall program, Color Guard and Show Choir uniforms and many other services. The Music Parents Association officers for 1983 are:

William Lewis, President; George Hart, Vice President;  
Barbara Putt, Secretary, Roy Augustson, Treasurer

The High School Band, Chorus and Color Guard travelled to Washington, D.C. in May 1983 to participate in The Festivals of Music. The Concert Band and Choir performed at George Washington University. The Choir under the direction of Mrs. Wilcox, received an excellent rating and 1st prize in the Choral Festival.

The Viking Band performed its field competition program and received a 3rd place award, as well as 1st prize for the best brass section in the competition. The Viking Band also performed in the parade on Constitution Avenue. The band received the 3rd place award for their performance.

The Color Guard performed its contest program and did an outstanding job, receiving a fourth place award. The entire trip was very rewarding, musically, educationally and socially. It was a beautiful experience for our students and parents.

Student participation in State, District and local music festivals continues to increase. More students are interested in auditioning, and the number of students accepted continues to rise. This is due to our Community School lesson program, individual testing twice a year and, for the most part, to the preparation given the students by Mr. Fantucchio and Mrs. Wilcox. These teachers spend many additional hours preparing their students for the auditions.

The following students were accepted to

**JUNIOR SEMSBA, Hull, Massachusetts:**

**Band—** Deborah Beaman, Carol Christensen, Sandra Higgins, Laura Smith, Stacey Burkett, Christine Usowicz, Jennifer Roscoe, Laurie Ravida, Joseph Mangiaratti, Michael Tracy, Eric Lombardi, David Edwards, Kerry Andrews, Mary Anne Domer, Bruce Fuller, James Doyle

**Chorus—** Matthew Jaquith, Robert Smith

Chamber music is a very important aspect of a student's musical development. The Student Recital and Senior Recital are special opportunities for our vocal and instrumental students to present solo and small ensemble performances. Each year the Senior Recital is given in memory of Steven Mitchell, Class of 1974 at East Bridgewater High School and an active member of the High School band and chorus.

Band and Choral clinics were held, providing contact with professional musicians and college and university music faculty from the area. This past year we were fortunate to have Mr. Douglas Wauchope, Director of the South Shore Conservatory, Brockton branch, and principal bass trombone with the Boston Opera Company Orchestra. Mr. Wauchope is a fine musician in great demand as a trombonist and clinician. He regularly performs with the Boston Symphony Orchestra and the Boston Pops Orchestra. Mr. Wauchope gave many helpful suggestions to our instrumental students at the Middle School and High School.

Dr. Maxine Asselin of Bridgewater State College worked with our choral students on musicianship, breathing, diction and expression. Dr. Asselin is a recognized authority on choral singing and presents outstanding choral programs each year. Her help was very beneficial to our choir as evidenced by its success in Washington.

The newly organized High School Show Choir under the direction of Mrs. Wilcox made its debut this past year. The medium of a "Show Choir" incorporates both singing and dancing in an upbeat style which is fun to perform and entertaining to watch. The 20 students, male and female, learn choreographed dance routines to various styles of vocal music similar to a Broadway production.

We have continued our participation in the Youth Concert Program at Symphony Hall, Boston. Students in grades 5-8 can subscribe to a 3-concert series by the Boston Symphony Orchestra designed especially for this age group. Interest in the concerts is high with 50 students attending. We also participate in the High School series for students in Grades 9-12. This 2-concert series is designed for the High School age group. We have 40 students participating. Mrs. Joan Leland continues to serve as town chairperson for the concerts and has done a remarkable job organizing this program. Scholarship tickets have been donated by area businesses as follows:

Dr. Richard Brodeur, D.M.D., P.C.; Burrell Signs; Commercial Club of East Bridgewater; East Bridgewater Associates; M. Clifton Edson Insurance; Florio's Barber and Styling Salon; Forni Bros. Oil, Inc.; Bob Graham Auto Sales and Service, Inc.; Joppa Grille; Murray-Carver, Inc.; Precise Engineering, Inc.; Shaw's Markets, Inc.; Dr. Paul Sowsy, D.M.D., P.C.; Jack Stengel, Real Estate; Towne Pharmacy; Val's Hair Styling; Village News Company; Whitmarsh Farms; Woman's Club of East Bridgewater

Plans are underway to save the Steinway Grand piano presently stored in the High School. This very valuable instrument is in great need of repair. The entire piano needs to be reconditioned. The town has a large investment in a superb musical instrument. To replace it would cost over \$15,000. However, it can be repaired for under \$8,500. Considering the amount of use the piano in the High School Auditorium gets, not only by the school music department, but by the various organizations in town, restoring this piano would be very wise. This would give East Bridgewater an irreplaceable, first quality piano, which would last for many years. This piano was purchased by the town in the 1950's. Another 30 years of use for under \$8,500 is certainly money well spent.

The Viking Band performed at the Memorial Day and Veterans Day Parades and opening day activities for the Little League and Soccer Associations.

The High School Band and Chorus performed assembly programs for the Central School, the annual Pops Concert sponsored by the Music Parents Association; the High School chorus performed at the ACDA Choral Festival, Tri-County Choral Festival and the Heritage Music Festival in Newport, Rhode Island.

Performing groups in all schools presented their annual Winter and Spring concert programs.

For the future, I look forward to increased opportunity for all students to participate in the study and performance of music. Students not in the school bands and choruses should have the chance to study and learn about our musical heritage. Courses designed for the general student body should be offered on the High School level, as well as specialized courses in Music Theory and History for those wishing to pursue advanced study.

Chamber music opportunities with solo and small ensemble performances will be encouraged, and I continue to look ahead to the development of a strings program in anticipation of someday having a High School Orchestra.

The support of the Community as well as the School Administration has been most welcome. A healthy, active music program is an indication of a comprehensive educational philosophy. Active participation in music is important to the education of the

students of East Bridgewater and improves the quality of life for all of us.

Respectfully submitted,

Daniel A. Lasdow

## **Report of the Director of Physical Education**

Dear Mr. Mitchell:

I hereby submit my report for the year 1983.

Physical Education, as an integral part of the total educational program, contributes to the physical, mental and social qualities of the individual student.

Therefore, the objective this year became a reflection of changes and adjustments so as to maintain what was and in some ways still is the best physical education program in the area.

Such changes and adjustments resulted in the need to evaluate the curriculum and to restructure the staffing pattern. Some of the modifications were as follows:

At the Central School, physical education is now offered only on a once-a-week basis for each of the grades.

The Middle School classes were scheduled on an eighteen-day cycle.

Freshmen and sophomores at the High School have health education on Mondays with the junior and senior classes scheduled on a one-half year basis.

The program of studies in the area of health education has been incorporated into the physical education classes for grades nine and ten. Health education is a program which strives to promote the development of sound principles and practices of good health through classroom participation and parental reinforcement.

This year was highlighted by field days and intra-murals at each of the schools. The extra-curricular programs at the Central, Middle and High Schools consisting of gymnastics, swimming, floor hockey, cross country, basketball and volleyball were, once again, very successful.

The school recreational program and facilities continues to serve the community and contributes to enjoyable use of leisure time.

Therefore, I look forward with great anticipation and expectations as we continue the quality of our physical education programs with a staff whose dedication to the students and community is highly commendable.

Respectfully submitted,

Vincent J. Malewicz

## **Report of the Director of School Food Services**

Dear Mr. Mitchell:

I hereby submit my report for the year 1983.

Participation in the lunch, brunch, and a la carte programs has increased steadily, enabling us to continue offering high quality meals to the students at the same \$.75 price

that was charged previously. Approximately 1300 student lunches and 95 breakfasts are being served daily within the three schools.

Bids for the year were awarded to the following companies: Henrikson Dairy of Abington, Hendries Ice Cream Co. of Milton, J.J. Nissen Baking Co. of Lynn, Peggy Lawton Kitchens Inc. of Walpole, ITT Continental Baking Co. Inc., Natick, and W.C. Bonner Co. Inc. of Watertown, MA.

Student input in menu choices has been encouraged throughout the year. The Central School students are paying for their lunches on a daily basis. This has greatly improved our accounting procedures.

The Middle School is continuing to offer lunches to the elderly once each week, the charge for these lunches has remained at \$.50.

The success and stability of the School Lunch Program is shared by many. The dedication and extra effort extended by Mrs. Davidson, Mrs. Curley, Mrs. Mormino and their staffs, is in conjunction with the steady participation of the students and faculty.

Respectfully submitted,  
Ann Sullivan  
*Director School Food Service*

## **Report of the Director of the Evening Practical Arts**

Dear Mr. Mitchell:

I am pleased to report that 1983-84 has started off very well. Our enrollment is up from 202 to 303.

We have three new courses this term, which have been accepted with a great deal of enthusiasm. They are: Aerobics, under the leadership of Mrs. Nancy Kostas; Computers, under the leadership of Mr. Stanley Bonham, and Woodworking, under the leadership of Mr. Richard Achin.

Evening Practical Arts is a program that requires a great deal of cooperation, which it most certainly receives, from all divisions of the School Department; namely, the secretaries in the Superintendent's Office, the principal and the secretaries at the Middle School, the custodial staff at the Middle School, and the principal and staff at the High School.

Our Advisory Committee is deserving of a great deal of thanks, also. This year, Mrs. Anne Ewing retired from the Committee, and Mrs. Barbara Benson was appointed in her place. Many thanks to Mrs. Ewing for her service, and welcome to Mrs. Benson.

The Evening Practical Arts is a community project, and we hope more people will become interested.

Respectfully submitted,  
Francis O. Hallquist, *Director  
Evening Practical Arts*
